

# Lego 21044

Paris 🇫🇷

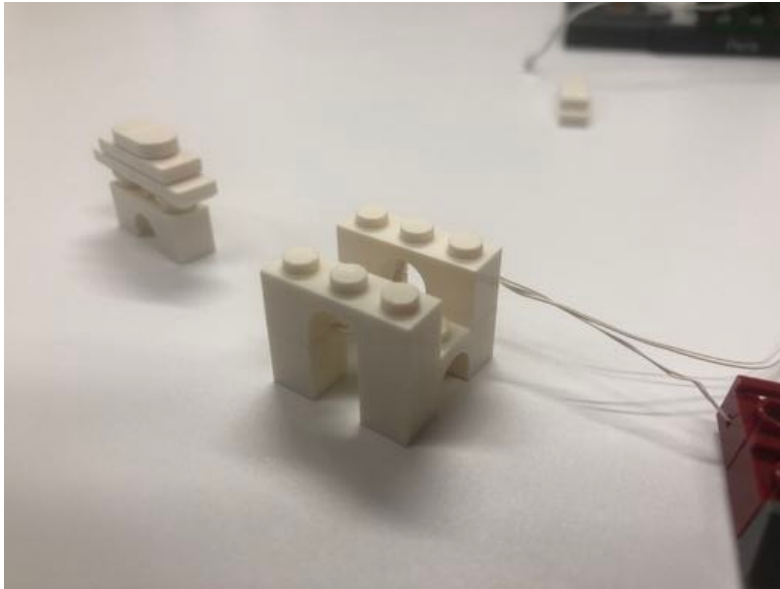

## Installation Guide

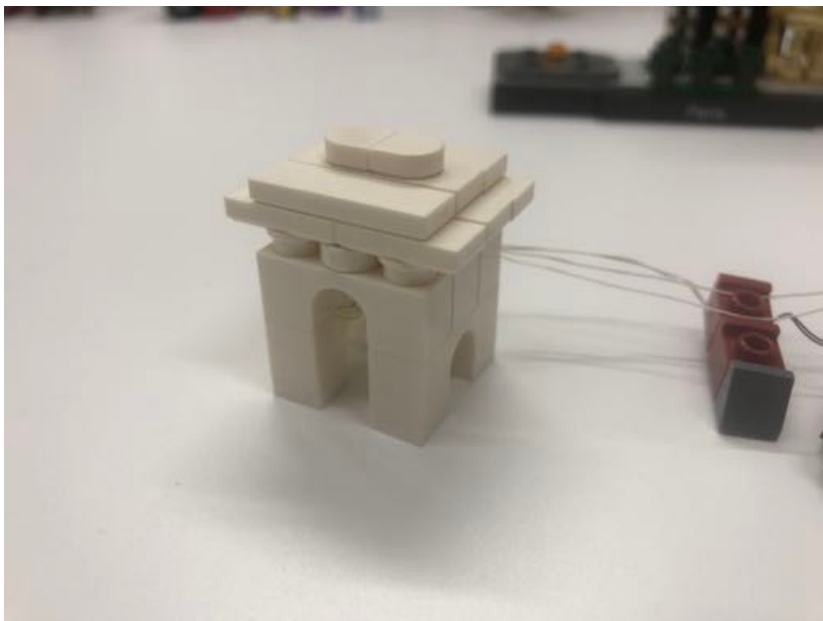

For the side starting from Arc de Triomphe, starting by removing and remaining the following parts for the lighting parts

Combine the 4 arcs of the lighting parts as shown

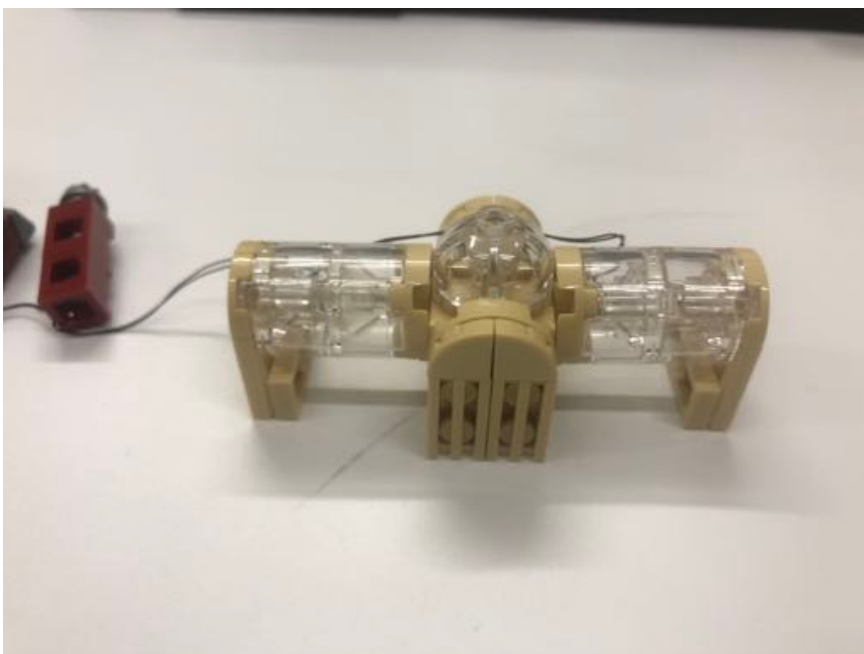

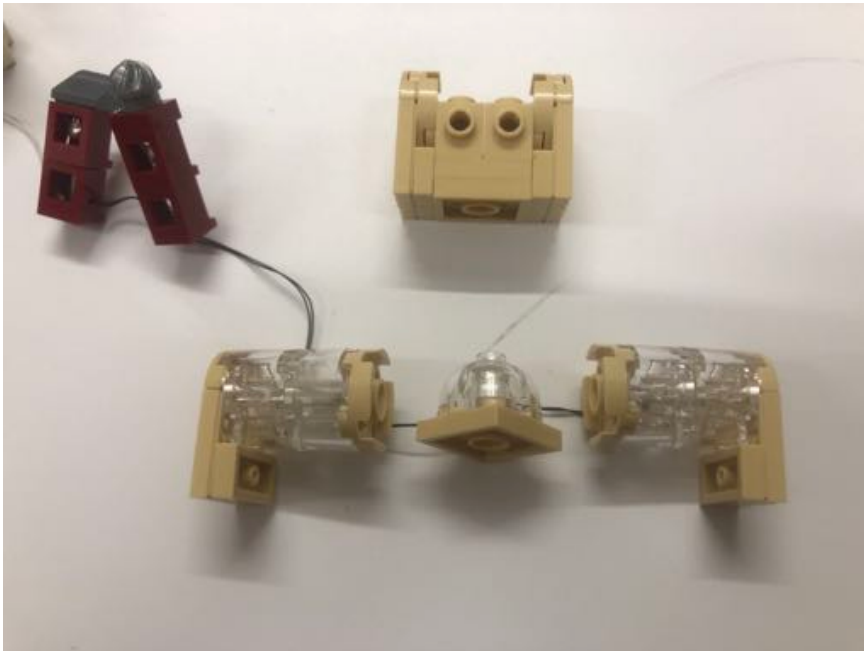

Then assemble the parts

Combine the lighting clear bricks with the tan parts

The half side is done

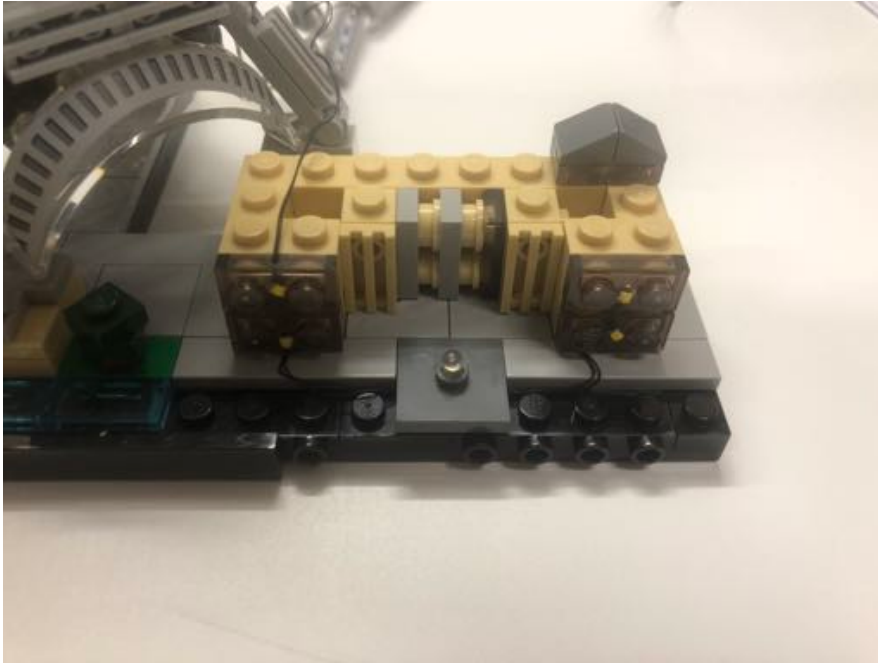

Now it's turn for the other side, starting from removing this parts from the Louvre

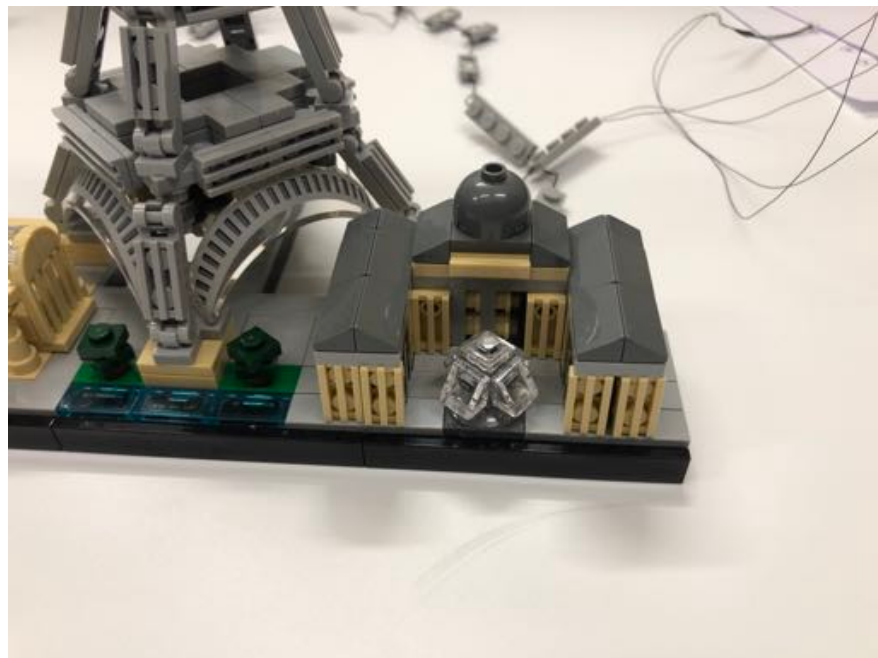

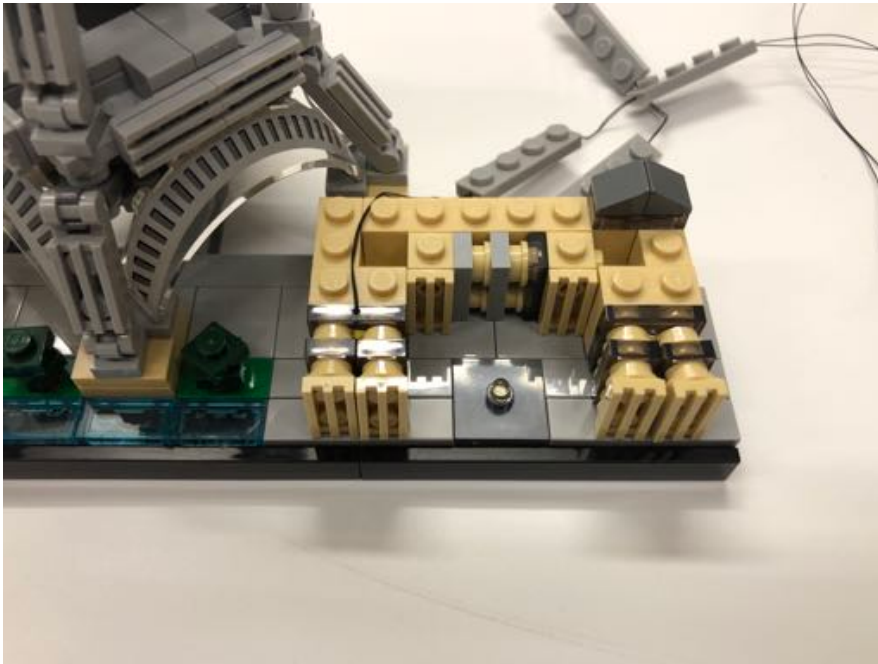

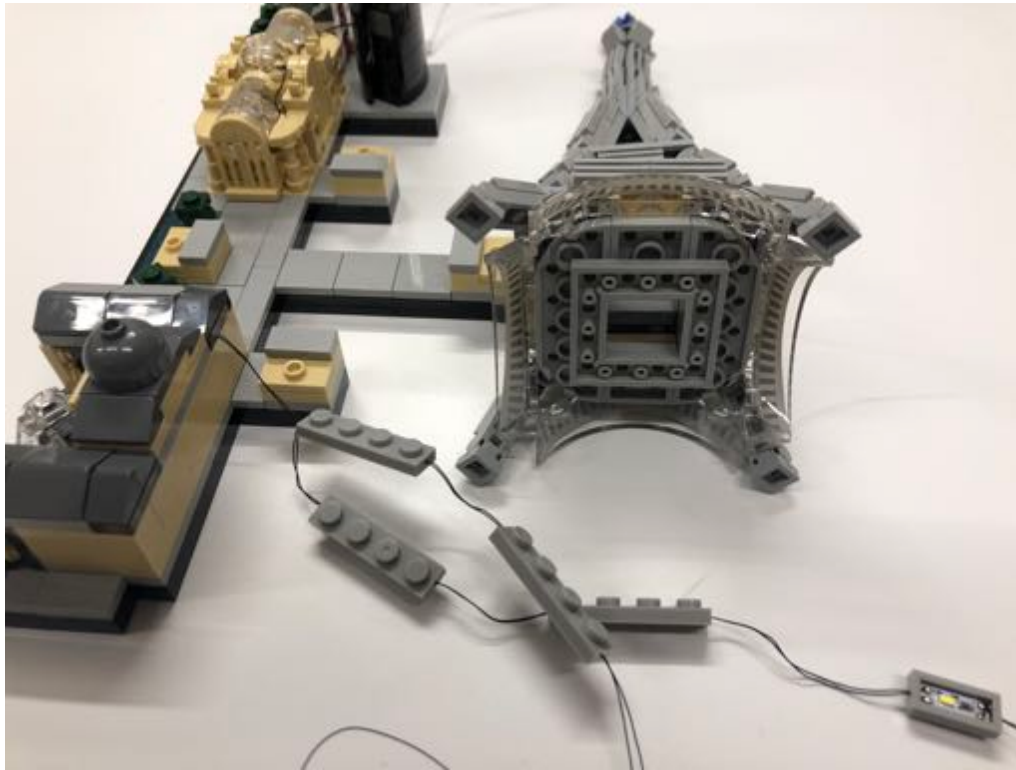

Assemble the lighting parts on the Louvre

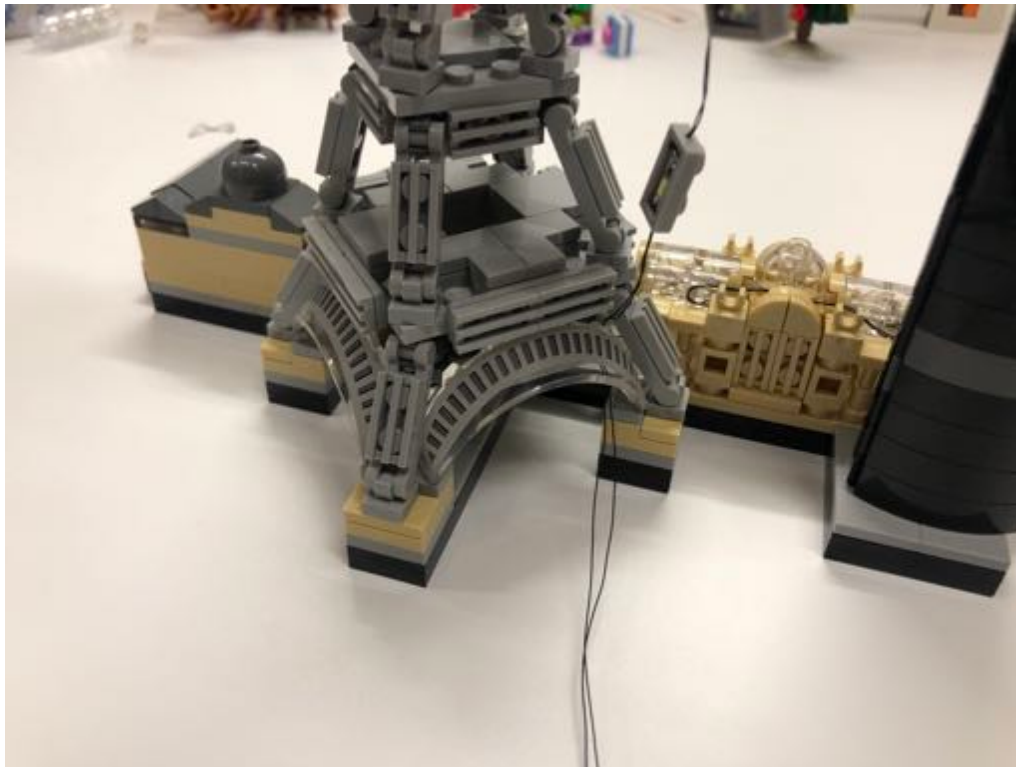

Then put the parts back on it

Take the Eiffel Tower off to assemble the 1x4 lights underneath

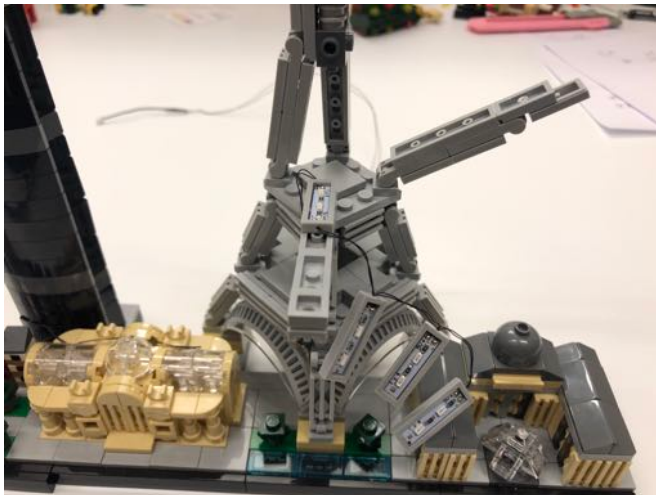

Put the remain lights through to the upper level

Assemble the lighting parts as shown

For the upper level, you may take it off as shown to assemble it easier

Connect with the USB cable and that's it
