

# LEGO 75350

STAR  
WARS

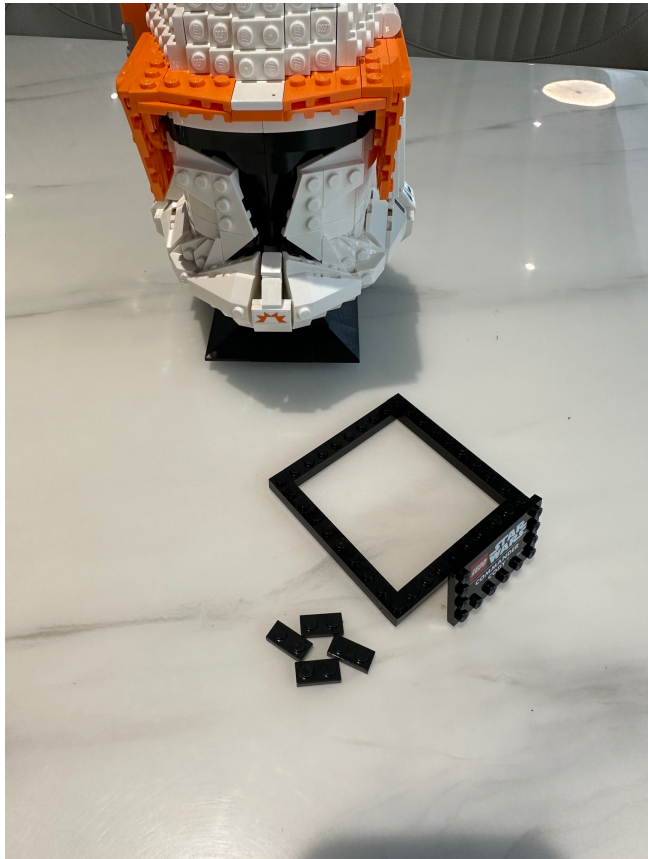

**Commander Cody  
Helmet**

*Installation Guide*

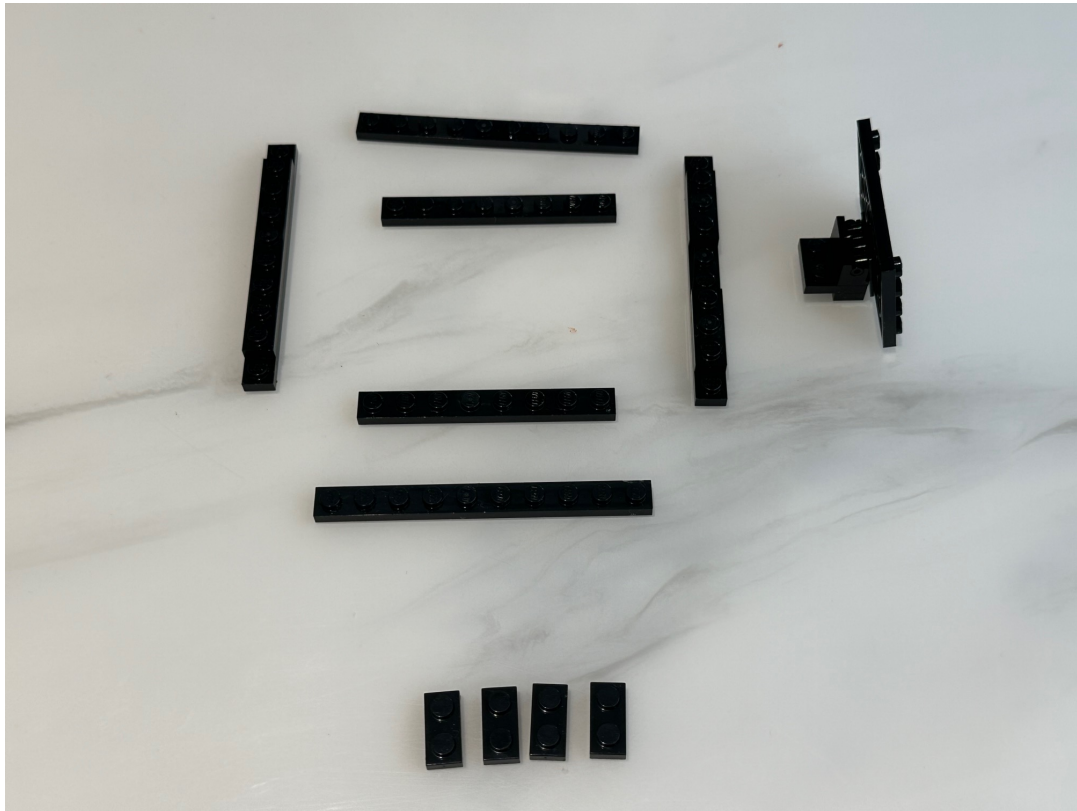

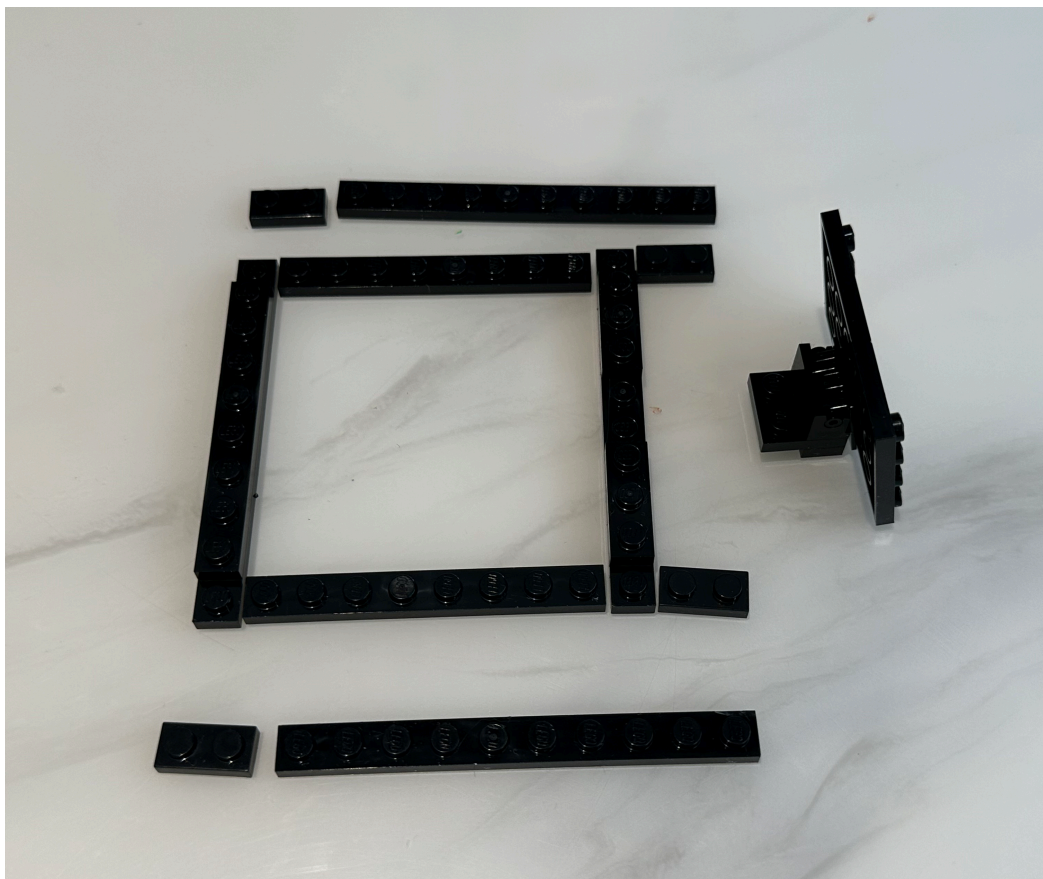

First of all, separate the base to modify it by the 1x2 plates provided

Split the base as shown, detach the 1x8s and 1x10s on the side

Rearrange the base by putting the 1x8's at the bottom with one 1x2 plate on each side, then cover the top by the remain 1x2 and the 1x10

Then assemble the 1x2 and 1x10 plates on the base

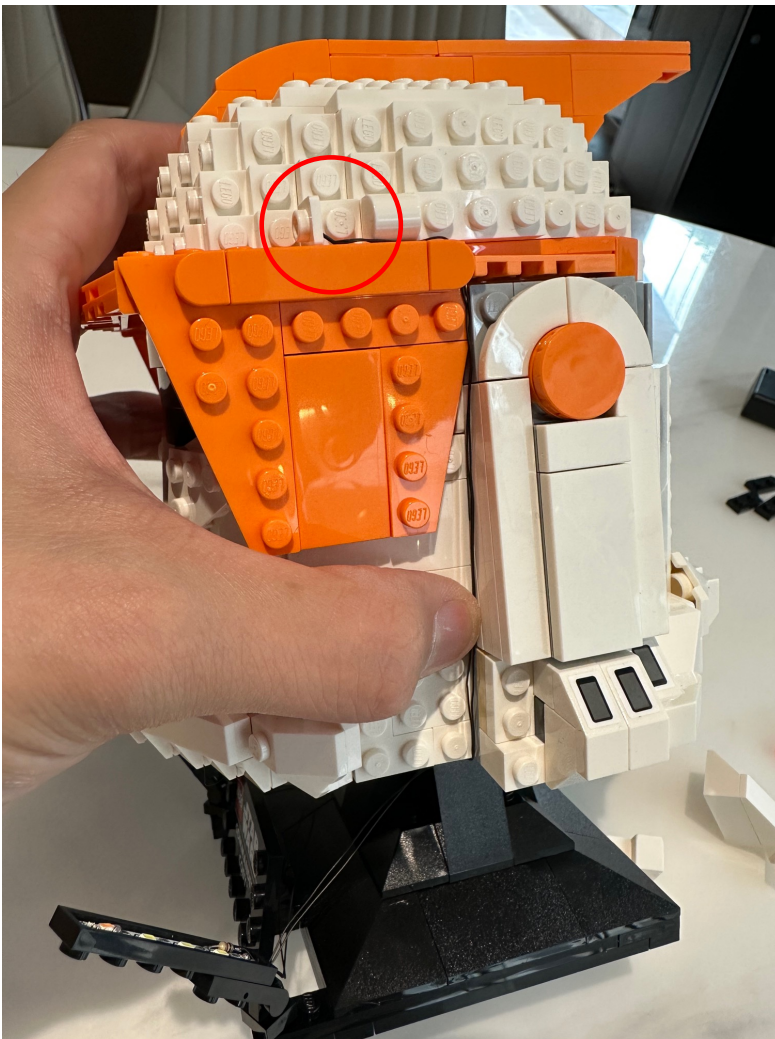

Assemble the white 1x4 lighting plate at the shown area

Then assemble the spot lights at the expanded corners of the base

Move the remain light to the upper area of the helmet, the wire could be hidden on the side

Replace the white part in the red circle, remove the clear red tile from it and put on the lighting part  
Then you may power it up by the USB cable of the battery case

**\*Beware, if you powered by power bank with protection it might be turned off by itself due to the power consume is too little, then you need to power by AC adaptor or use the battery**
