

# Lego 75274

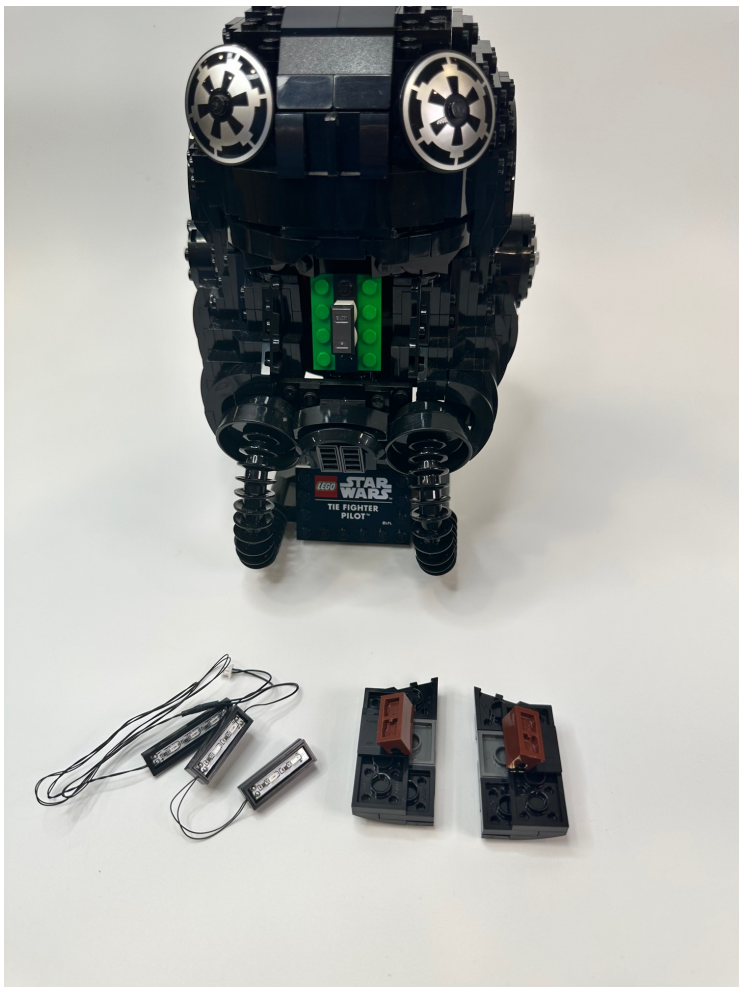

## TIE Fighter Pilot Helmet

### *Installation Guide*

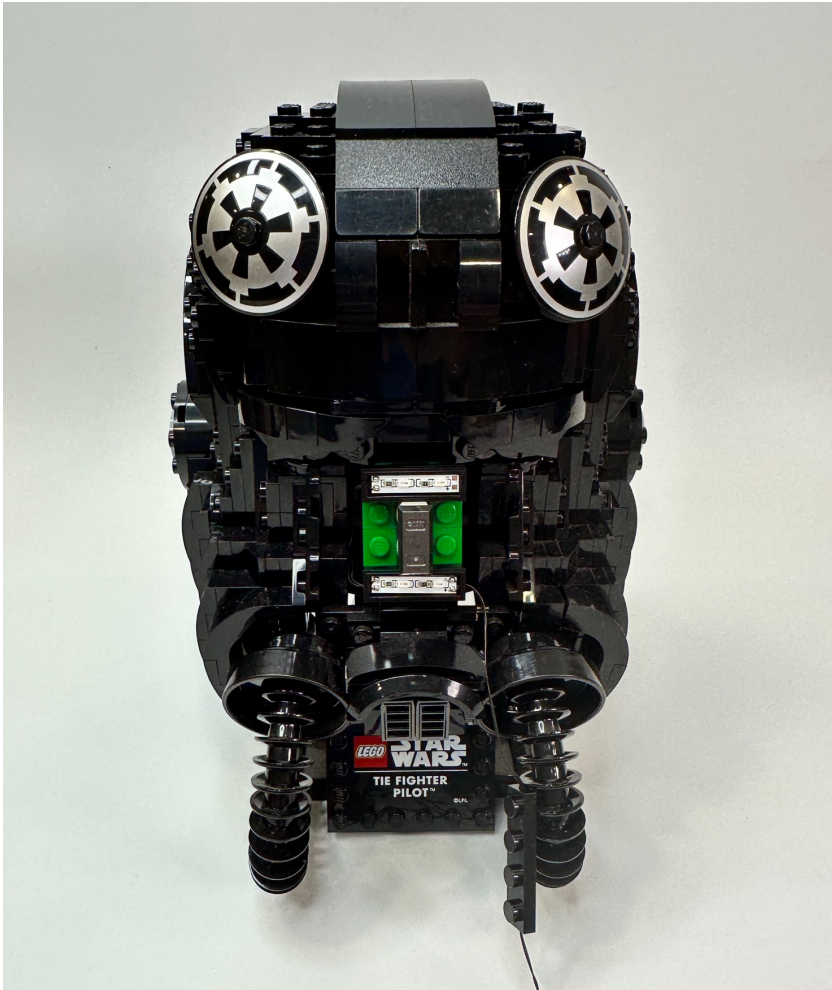

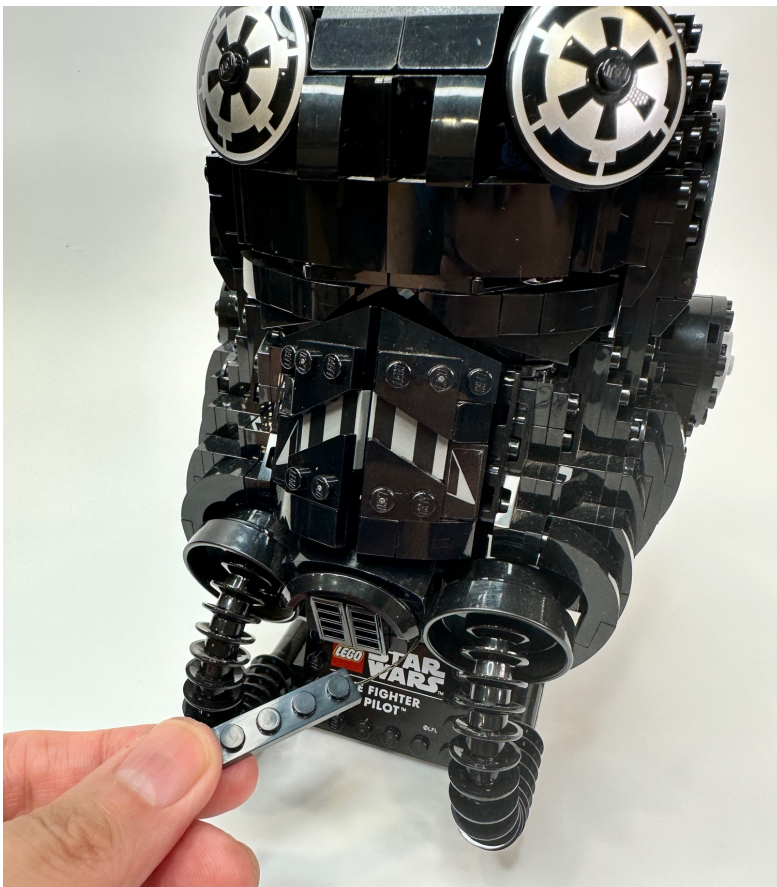

First of all, detach the shown parts from the nose area of the helmet

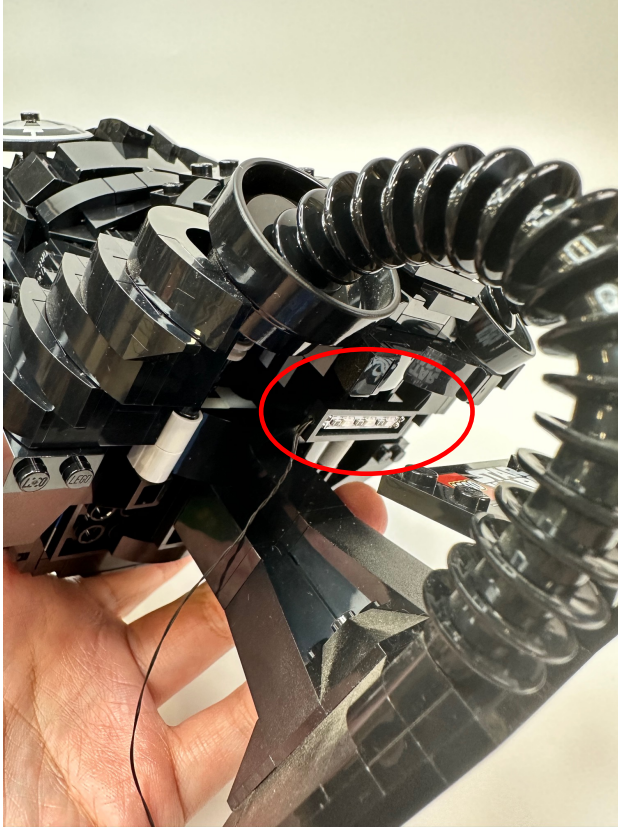

Assemble the lighting plates horizontally on the helmet, then put the removed parts back on

Then pull the remain lighting plate to the bottom

Assemble the lighting plate under the jaw then the installation is completed

To power up, you may choose from either USB or battery

**\*Beware, if you powered by power bank with protection it might be turned off by itself due the power consume is too little, then you need to power by AC adaptor or use the battery**
