

Lego 10289

Bird of Paradise

Installation Guide

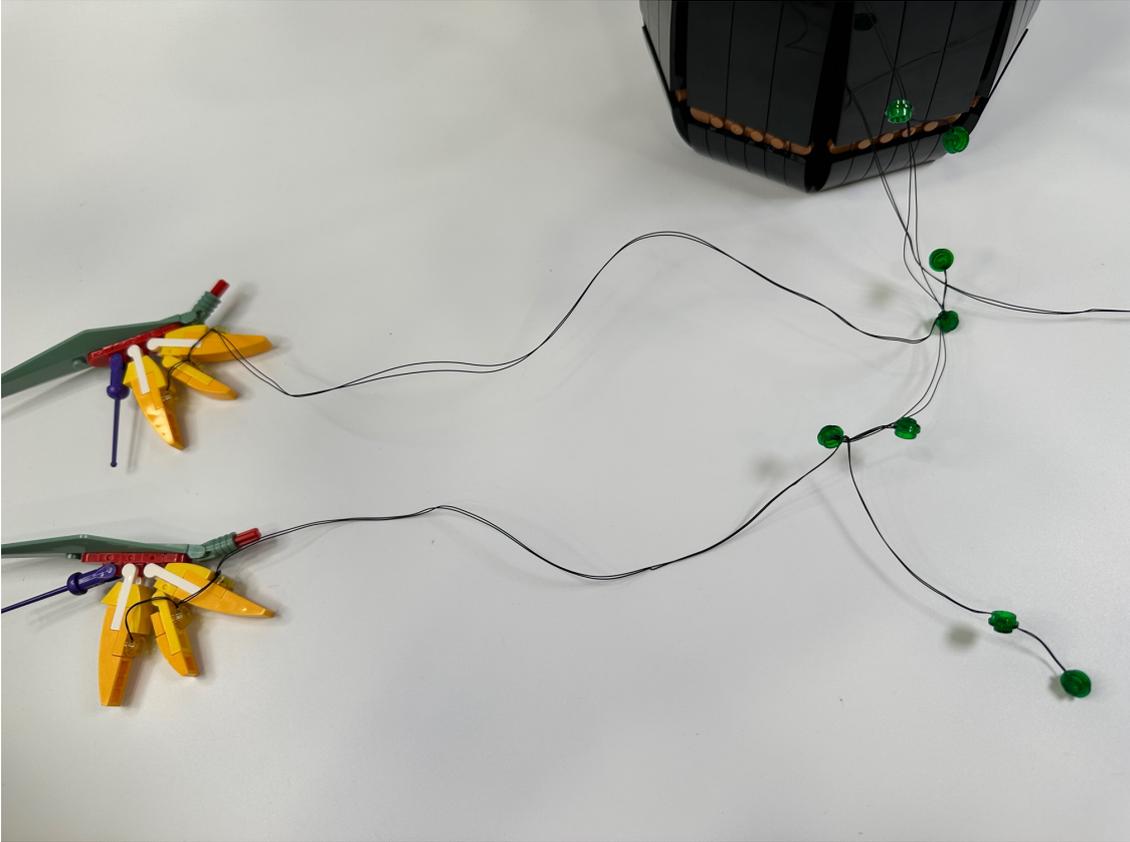

Remove the top of the flowers and assemble the yellow lighting round plates to the yellow flowers

As you can see from the previous picture, there should be 2 sets of lighting round plates attached with shorter wires

Restore the flowers mentioned on previous step to the two shorter branches

Then put the remain yellow flower back on top

The remain lighting green round plates would be assembled on the leaves at bottom

At last, choose the power source from USB or battery case
